MEDIA DELIVERY

All photographs captured during the event will be shared within 7 days of the event date, either through secure online transfer or via external storage devices, based on mutual preference.

POST-PRODUCTION PROCESS

Post-production will commence upon receipt of the client's album image selections. Video editing and album design will be undertaken simultaneously to ensure a streamlined workflow.

Final deliverables, including videos and album layouts as specified in the agreement, will be presented within 45 days from the date of receiving the selected images.

CREW HOSPITALITY

To ensure optimal performance and creative excellence, clients are requested to provide standard, comfortable accommodation and meals for the crew members throughout the event duration (hotel rooms or apartment arrangements).

CREATIVE DIRECTION

Our post-production approach reflects a distinctive, off-beat storytelling style. Background music and overall edit treatment are curated under Editor's choice, maintaining artistic consistency. We nevertheless welcome constructive communication with our technical team for suggestions or preferences.
